

Deluxe Level Water Underfloor/Radiator Heating System

Our deluxe system uses our 12v Network Thermostats to create a truly flexible and expandable system. It offers the ability to control your heating centrally, with the TouchPad, and remotely with the use of the NetMonitor, PCLink or TR2.

Complete Network Control

Our deluxe heating system offers control of up to 32 zones. What's more, it provides the ability to control the entire heating system centrally, with the TouchPad, or from anywhere in the world with the NetMonitor. Designed to be used in conjunction with our Slimline or TouchScreen 12v Network thermostats, our deluxe heating system really is a complete package for those wanting superior control of their heating system.

Simple Connectivity

The UH1 allows the connection of up to 8 12v Network Thermostats. On demand from any zone, a 230v output is provided to switch the relevant zone actuator, underfloor heating pump and valve. A volt free connection is supplied for the boiler, making it compatible with almost all types of boilers.

Standard Products

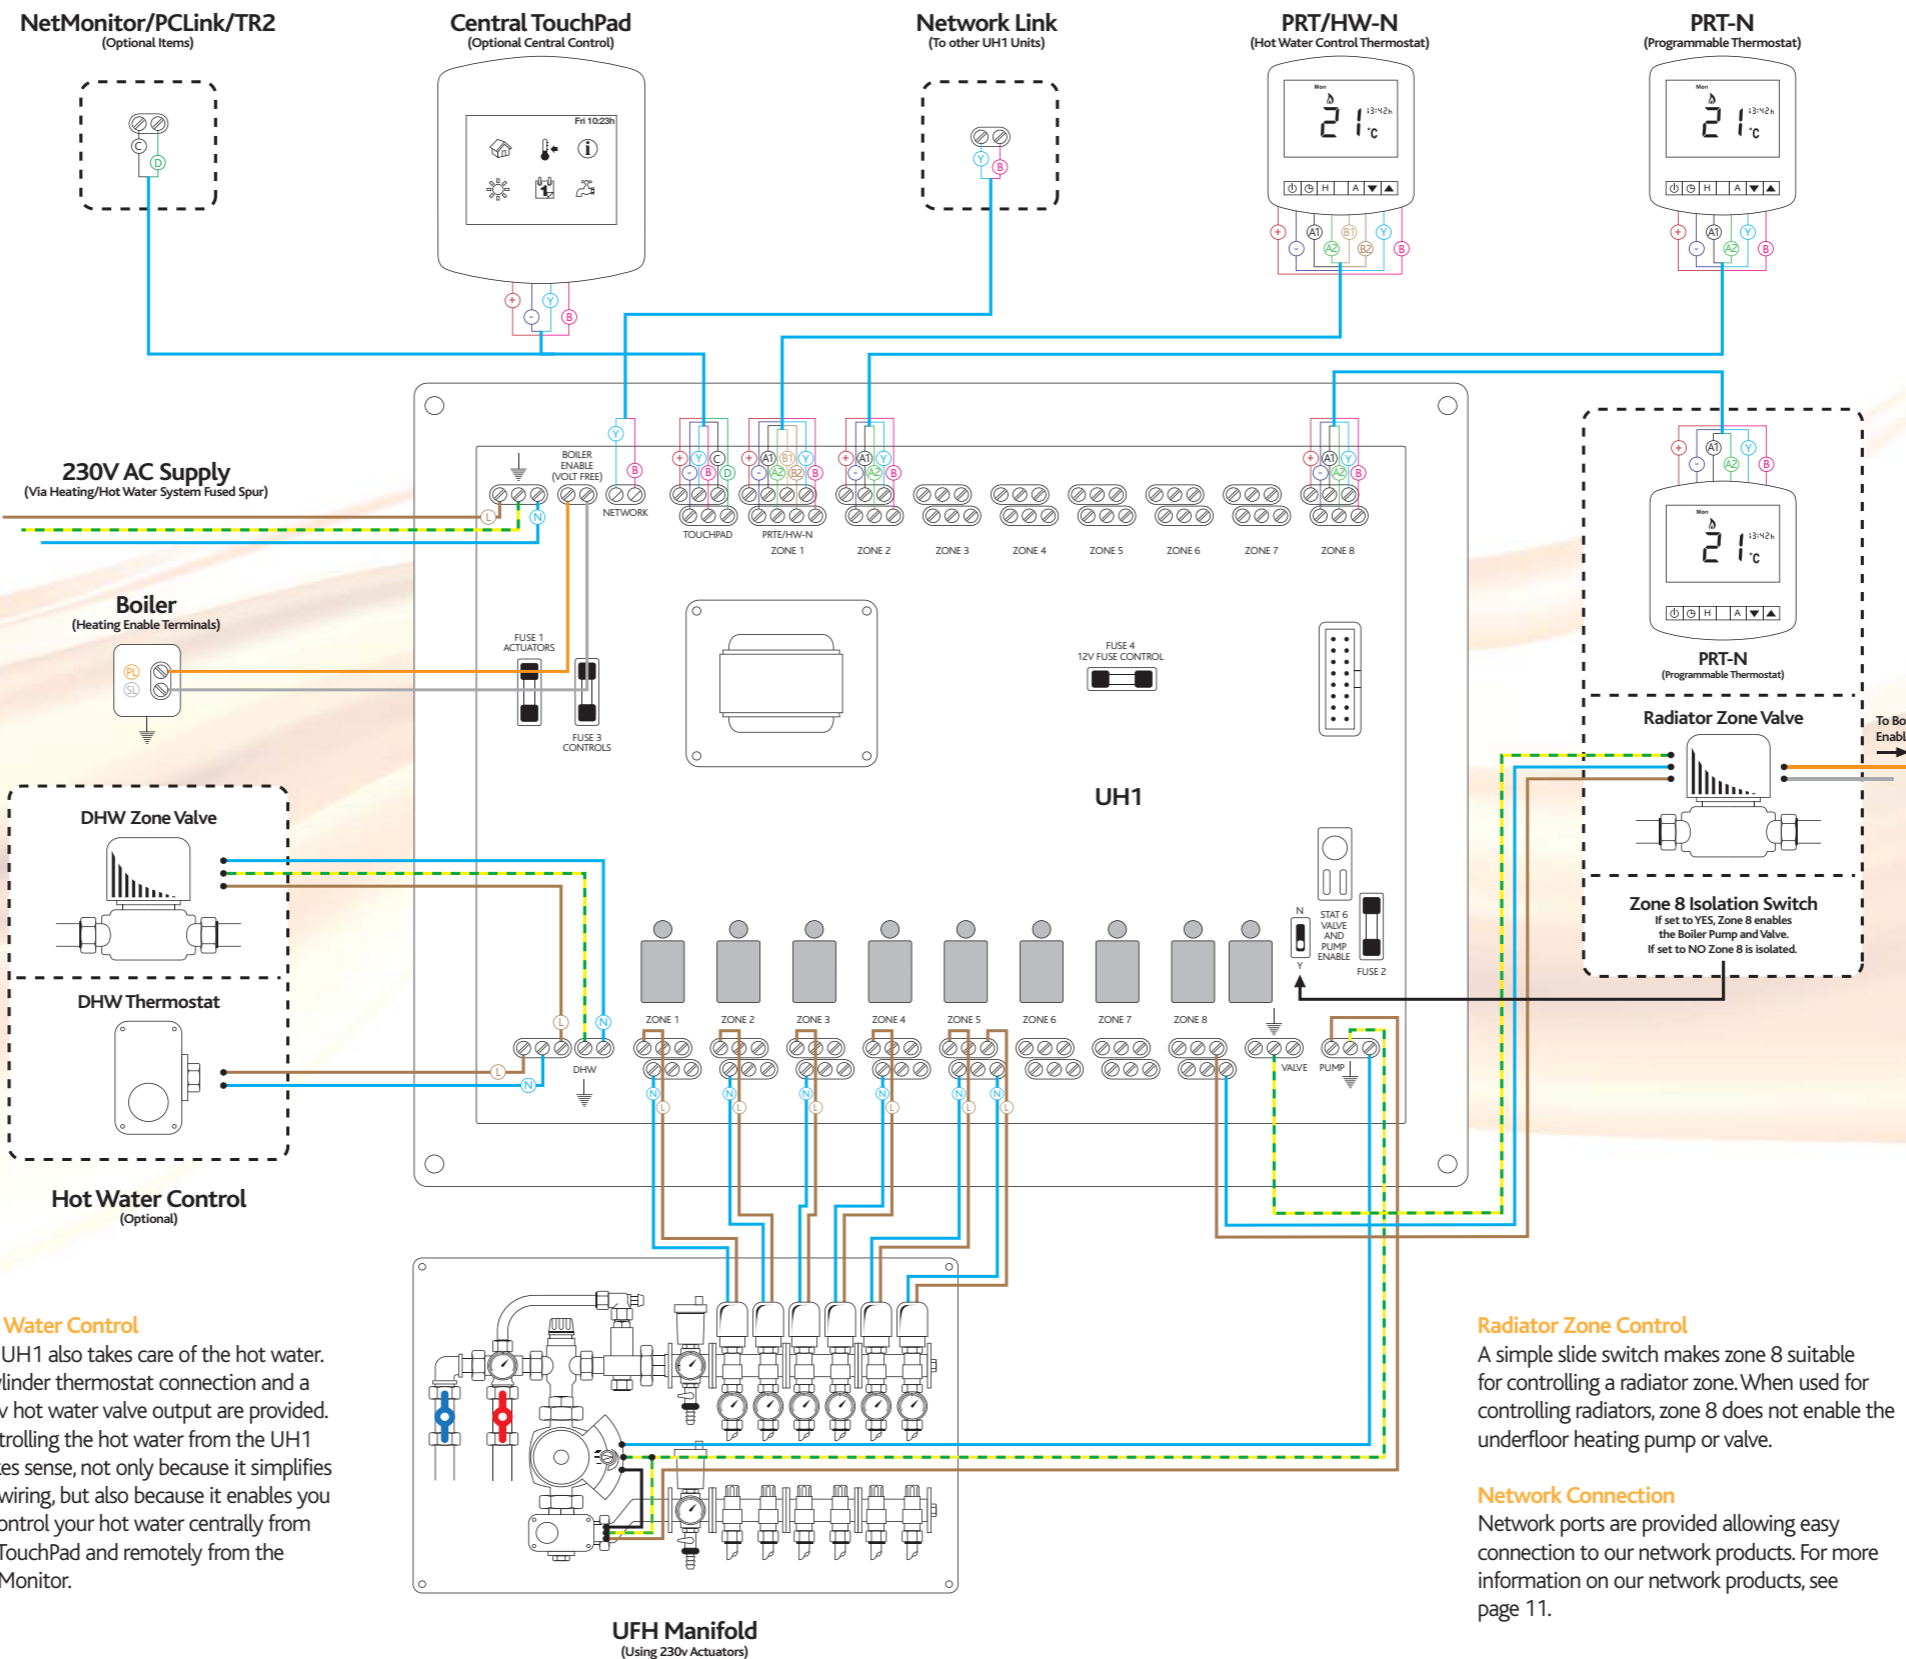

8 Zone Wiring Centre
Part Ref: Heatmiser UH1

Slimline Thermostat
Part Ref: Heatmiser PRT-N

TouchScreen Thermostat
Part Ref: Heatmiser PRT-NTS

Hot Water Control

The UH1 also takes care of the hot water. A cylinder thermostat connection and a 230v hot water valve output are provided. Controlling the hot water from the UH1 makes sense, not only because it simplifies the wiring, but also because it enables you to control your hot water centrally from the TouchPad and remotely from the NetMonitor.

Radiator Zone Control

A simple slide switch makes zone 8 suitable for controlling a radiator zone. When used for controlling radiators, zone 8 does not enable the underfloor heating pump or valve.

Network Connection

Network ports are provided allowing easy connection to our network products. For more information on our network products, see page 11.

Providing

- Wiring centre, controlling up to 8 zones
- 12v Programmable Thermostats in each room
- Optional Central Control and Internet Access

Product List

- 8 Zone Wiring Centre (expandable up to 32 Zones)
Part Ref: Heatmiser UH1 (See page 10)
- Slimline Thermostat
Part Ref: Heatmiser PRT-N (See page 3 for complete slimline range)
- TouchScreen Thermostat
Part Ref: Heatmiser PRT-NTS (See page 4 for complete touchscreen range)

Cable Type

- Belden 9538 or Cat5(e)-ftp

Optional Products

Central Control
Part Ref: Heatmiser TouchPad

Internet Control
Part Ref: Heatmiser NetMonitor

Telephone Control
Part Ref: Heatmiser TR2

Computer Control
Part Ref: Heatmiser PCLink
